Jetters – motion to have funds from prosperity has been accepted and two jetters should be being purchased.
Recycling – there is a rota of where they are not picking up due to staff/HGV driver shortages. There is 18% more recycling being put out than 12 months ago. Despite rumours, it will remain being collected weekly.
AJ advised that if recycling is missed, it should be brought in for the next week and not left out. It was agreed that this was adding to littering with items being blown in the wind. CE asked if the website could be regularly updated as to areas that will be missed.
20mph zone will happen by mid September 2023 where all 30mph areas will become 20mph within residential areas. England have agreed the same where the borders meet.
